

Instructor's Solutions Manual
to Accompany
Introduction to Operations and Supply Chain Management, 5th Edition
Bozarth/Handfield

There are two files for each chapter of the **Instructor's Solutions Manual**, which include:

- Discussion Keys
 - Answers to the Discussion Questions, provided in Word and PDF
- Problem and Case Study Keys
 - Solutions to the Problems and Case Studies, provided in Excel
 - *Note:* The Case Study Solutions are located on the final tab of each chapter file
- DDP Excel Problem Keys
 - Solutions to the Excel Problems provided on the Data Download Page

For **Additional Resources**, including access to the **Data Download Page**, please visit the book's homepage at <http://www.pearsonhighered.com/bozarth/>
