chapter 1

Indicate whether the statement is true or false.

- 1. Whenever we discuss our mutual relationship with the other person, we are meta-communicating.
 - ı. True
 - b. False
- 2. Social media promotes greater self-disclosure.
 - . True
 - b. False
- 3. Active strategies include reading, watching films, and asking experts or members of the other culture how to behave, as well as taking intercultural communication courses.
 - a. True
 - b. False
- 4. We learn who we are through communicating.
 - a. True
 - b. False
- 5. According to a study by a University of British Columbia Ph.D. candidate on the effects of isolation, it is hard to escape spiritual and emotional darkness.
 - a. True
 - b. False
- 6. An international study found that when some university students went 24 hours without using their cellphone, going on Facebook, texting, emailing, etc. they experienced symptoms similar to drug addiction withdrawal.
 - a. True
 - b. False
- 7. Communication competence is a trait that people either possess or lack.
 - a. True
 - b. False
- 8. If you want to gain intercultural competence, you'll want to engage in cognitive complexity—the ability to construct a variety of frameworks for viewing an issue.
 - a. True
 - b. False
- 9. Relational dimensions of messages make statements about how the parties feel toward one another.
 - a. True
 - b. False
- 10. There is no such thing as the "same" message: words and behaviours are different each time they are spoken or performed.
 - a. True

Indicate the answer choice that best completes the statement or answers the question.

- 53. What is a person doing when they pay attention to their behaviour in relationships?
 - a. controlling

b. integrating

c. self-monitoring

- d. ego-centric behaviour
- 54. Professor Grant will be providing feedback to his social work students regarding their clinical placement working with abused children. Professor Grant is very respectful in how he phrases his feedback so he doesn't offend or discourage his students. What is Professor Grant doing?
 - a. communicating intentionally

b. communicating nonverbally

c. linear communication

- d. transactional communication
- 55. A jet flying low overhead interferes with your conversation with a friend. What is this an example of?
 - a. noise

b. feedback

c. external disruption

- d. transactional disruption
- 56. What is characteristic of the behaviour of effective communicators?
 - a. They have a wide range of behaviours from which to choose.
 - b. They exhibit behaviours that are predictable by their partners.
 - c. They exhibit unique behaviours more often than less effective communicators.
 - d. They have a consistent set of a few best communication behaviours they can draw upon as needed.
- 57. In a demanding tone of voice, your nursing supervisor says "It's your turn to fill the medical supplies." What should a person do to clarify the relational dimension of her message?
 - a. Tell your supervisor how defensive she sounds.
 - b. Ask your colleague to explain the real problem.
 - c. Point out the tone of voice and ask if your supervisor if she is upset with you.
 - d. Negotiate other ways of dealing with the medical supply problem which may lead to a discussion of the real problem.
- 58. Why is Maslow's hierarchy of needs important to the study of interpersonal communication?
 - a. Communication can help people meet each of the needs.
 - b. Communication is one of the needs in the hierarchy.
 - c. People can't understand their needs without communication.
 - d. Maslow considered the need for communication as the sixth "hidden" need.
- 59. What is a characteristic of integrated communicators?
 - a. a greater degree of sociability
 - b. a conscious focus on communicating effectively
 - c. exposure to a wide range of communication styles
 - d. communicating competently without constant self-monitoring

a. their frame of mind	b.	b. their personality			
c. the relationship history	d.	d. their age and years of wisdom			
70. Barbara sends an email to her Member of Parliament to communicate her concerns regarding the government's student loan repayment schedule. What is Barbara's action an example of?					
a. linear communication		b. interactive communication			
c. interpersonal communication		d. transactional communication			
71. Why does social media enhance interpersonal communia. The messages are leaner, allowing people who a b. Technology is becoming more affordable, provided the communication of	ire bi	busy to communicate effectively.			

- c. Social media eliminates the distractions of nonverbal responses.
- d. Social media allows people to communicate across widespread time zones.
- 72. Day after day, Jeff and Simon argue about where they will go for the Christmas holidays. It seems that the more they try to resolve the problem, the more irritable and distant they become. What communication misconception does this scenario illustrate?
 - a. Meanings are not in words.
 - b. It is impossible not to communicate.
 - c. More communication is always better.
 - d. Communication can be intentional or unintentional.
- 73. Why did Steve Jobs, co-founder of Apple, suggest that personal computers be renamed "interpersonal computers"?
 - a. Some users have exchanged interpersonal relationships for computer use.
 - b. Computers have advanced to the point that they function as a companion or friend to some users.
 - c. Using social media forces us to be more precise in our interpersonal messages.
 - d. Computers serve as a mediated channel for face-to-face communication.
- 74. Fran is upset with her neighbour, Ted. Instead of talking through the problems with Ted she talks about him to other people in the neighbourhood. Ted is hurt by this and, although Fran apologizes and their relationship is cordial, Ted does not forget what Fran has done. Which communication principle does this scenario demonstrate?
 - a. Communication is irreversible.
 - b. It's impossible not to communicate.
 - c. Communication can be intentional or unintentional.
 - d. Communication is unrepeatable.
- 75. Many studies have researched happiness. Which factor is linked with happiness?
 - a. a satisfying job

b. health and fitness

c. positive interactions with others

- d. standard of living and lifestyle
- 76. What is a person doing when they carefully plan the words they will use, to avoid offending someone?

- 85. Which of the following is an example of physiological noise?
 - a. cars driving by your home

b. a headache

c. fear of this afternoon's test

- d. feeling happy about tonight's date
- 86. There are three factors that influence a person's decisions about what communication skills to use in a particular situation in order to be effective. What are these factors?
 - a. empathy, knowledge of the other person, and situation
 - b. communication context, the goal, and knowledge of the other person
 - c. communication context, the other person's mood, and self- monitoring.
 - d. empathy, the goal, and cognitive complexity
- 87. You want to let a close friend know how much she/he means to you in a way that is sincere and doesn't embarrass either of you. Using the characteristics of communication competence, what is the best approach to achieve your goal?
 - a. Follow the methods that you saw another friend use successfully.
 - b. Avoid sending any message until you are sure it will be well received.
 - c. Follow the methods you used successfully with others in the past as closely as possible.
 - d. Consider a variety of alternatives, choosing the one that you think will be most successful.
- 88. Which statement best describes impersonal relationships?
 - a. Most relationships are impersonal.
 - b. Impersonal communication plays an important role in our lives.
 - c. It is desirable to communicate impersonally as much of the time as possible.
 - d. It usually involves groups of people engaged in a common interest
- 89. Which of the following best defines qualitative interpersonal communication?
 - a. communication in which the parties consider one another as unique individuals rather than as objects
 - b. impersonal communication, usually face to face, between two individuals
 - c. behaviour that treats others as objects rather than as individuals
 - d. two people interacting
- 90. According to the textbook, how did college students who frequently use instant messaging find face-to-face communication?
 - a. not better in terms of satisfying communication and information needs but better at meeting their social needs
 - b. better "in terms of satisfying individuals' communication, information, and social needs"
 - c. more stressful and less time effective
 - d. enjoyable but disruptive to their time management and information-gathering responsibilities
- 91. Why is tolerance for ambiguity an important quality for intercultural competence?
 - a. Without it one is a passive observer.
 - b. There is more than one right way to do things.
 - c. Many messages in other cultures are equivocal.
 - d. We need to be open-minded to the ways of others.
