Test Bank

Chapter 2

In this test bank for *An Introduction to Christian Ethics,* 6th ed., the questions are tagged according to the six levels of learning that help organize the text. Think of these six levels as moving from lower- to higher-level cognitive reasoning. The six levels are:

REMEMBER: a question involving recall of key terms or factual material UNDERSTAND: a question testing comprehension of more complex ideas APPLY: a question applying sociological knowledge to some new situation ANALYZE: a question requiring identifying elements of an argument and their interrelationship

EVALUATE: a question requiring critical assessment CREATE: a question requiring the generation of new ideas

ESSAY QUESTIONS		
	ESSAY	QUESTIONS

- Compare the differences in moral beliefs between Hinduism and Buddhism. How are their moral underpinnings different? How are they similar? (ANALYZE)
- Islam's earliest beliefs connected religion and the state. In what ways, both
 positive and negative, has that connection impacted modern day Muslims and
 others living with Muslim communities?
 (APPLY)

- Humanists believe that human beings are the center of the universe, whereas objectivists assert that the self is at the center. Can these ideas ever be reconciled? (EVALUATE)
- 4. In Christianity, believers assume that human beings have free will, but in behaviorism, it is assumed that human beings do not. Write an argument for each side that evaluates the idea of free will.

 (CREATE)
- Consider the importance of the environment for a behaviorist. How might different environments create people with drastically different moral outlooks? (EVALUATE)
- 6. Orthodox Judaism follows strictly prescribed rules, laws, and rituals. Do you think following such strict rules make a person more moral? Why or why not? What argument might a person who opposes your view make? (ANALYZE)
- 7. Humanism suggests that morality is linked to our relationships with others. It also values happiness and self-awareness over pain and suffering. What kinds of situations might challenge those beliefs?

 (APPLY)
- Write an explanation of the idea of "selfishness" within the objectivism framework.
 (CREATE)
- Discuss the primary Hindu responsibilities of universal obligations to others and those based on one's station in life. Do those responsibilities make Hindu morality subjective? If so, is that a positive or negative outcome ethically? (EVALUATE)
- The Muslim concept of jihad is often understood by Americans. What does jihad mean and how is it used in Islam? How is the Islamic concept of jihad distinct from the modern concept of terrorism? (EVALUATE)
