a. True

b. False

ANSWER: True

30. A venture opportunity screening is the same thing as preparing a business plan.

a. True

b. False

ANSWER: False

31. A venture opportunity screening guide, called the VOS Indicator™, is used to screen venture opportunities for potential attractiveness.

a. True

b. False

ANSWER: True

32. The VOS Indicator™ is useful in assessing the commercial potential of a venture, but should not be used as the sole tool to determine a venture's fate.

Chapter 02: Developing the Business Idea

- a. True
- b. False

ANSWER: True

33. The VOS Indicator™ provides both qualitative and quantitative information about a venture's commercial potential.

- a. True
- b. False

ANSWER: True

34. A venture with a low score on the VOS Indicator™ should always be abandoned.

- a. True
- b. False

ANSWER: False

35. Asset intensity is the net after-tax profit divided by total assets.

- a. True
- b. False

ANSWER: False

36. One way to describe asset intensity is the dollar investment in assets needed to generate a dollar in sales.

- a. True
- b. False

ANSWER: True

37. Asset intensity and asset turnover are calculated as revenues divided by total assets.

- a. True
- b. False

ANSWER: False

38. A high asset intensity implies a large investment in fixed assets and/or net working capital is needed to support revenue growth.

- a. True
- b. False

ANSWER: True

39. Business changes resulting in higher net profit always increases ROA.

- a. True
- b. False

ANSWER: False

40. The compound rate of return that equates the present value of the cash inflows with the initial investment outlay is called the internal rate of return (IRR).

- a. True
- b. False

Chapter 02: Developing the Business Idea

ANSWER: True

41. Financial bootstrapping refers to the process of minimizing resources such as the need for financial capital and finding unique sources for financing a new venture.

- a. True
- b. False

ANSWER: True

- a. True
- b. False

ANSWER: False

43. In a typical business plan, the section covering the management team does not need to disclose the management team's expertise and experience.

- a. True
- b. False

ANSWER: False

44. The nonfinancial options available to managers as the venture progresses through its life cycle are known as real options.

- a. True
- b. False

ANSWER: True

Multiple Choice

45. Venture capitalists invest in approximately what percent of business plans presented to them?

- a. 1%–3%
- b. 10%–13%
- c. 20%–23%
- d. 30%–33%

ANSWER: a

46. Firms that allow owners to pursue specific lifestyles while being paid for doing what they like to do are referred to as:

- a. salary-replacement firms
- b. lifestyle firms
- c. entrepreneurial ventures
- d. rapid-value-creation firms

ANSWER: b

47. U.S. small businesses are predominately:

- a. salary-replacement or entrepreneurial firms
- b. lifestyle or entrepreneurial firms

Chapter 02: Developing the Business Idea

- c. entrepreneurial ventures
- d. salary-replacement or lifestyle firms

ANSWER:

d

48. The definition of an entrepreneurial firm is:

- a. survival
- b. high growth
- c. high growth and high performance
- d. survival and average performance

ANSWER:

b

49. A well-designed entrepreneurial venture typically includes:

- a. generating ideas
- b. analyzing the feasibility of ideas
- c. producing a business plan
- d. generating ideas, analyzing the feasibility of ideas, and producing a business plan

ANSWER:

d

50. A sound business model provides a plan to do all of the following except:

- a. generate revenues
- b. make profits
- c. retain all its earnings
- d. produce free cash flows

ANSWER:

c

51. A sound business model includes a plan to:

- a. generate revenues and make profits
- b. make profits and produce free cash flows
- c. produce free cash flows for the owners of the venture
- d. generate revenues, make profits, and produce free cash flows

ANSWER:

d

52. Which of the following is not a standard component of a sound business model?

- a. produce low-cost products
- b. generate revenues
- c. make profits
- d. produce free cash flows

ANSWER:

a

53. The first two requirements of a sound business model are:

- a. generate revenues and make profits
- b. make profits and produce free cash flows
- c. produce free cash flows for creditors and owners of the venture

Chapter 02: Developing the Business Idea

- d. generate revenues and produce free cash flows

ANSWER:

a

54. When moving from entrepreneurial opportunities to new businesses, products, or services, which of the following is not considered a component?

- a. ideas
- b. feasibility
- c. business plan
- d. harvest of venture

ANSWER:

d

55. A venture's value is determined by its:

- a. future free cash flows (to equity)
- b. revenues
- c. profits
- d. assets

ANSWER:

a

56. In a study of high-growth, high-performance firms by the Kauffman Center for Entrepreneurial Leadership of best practices, which of the following practices was not included?

- a. marketing practices
- b. financial practices
- c. management practices
- d. production/operations practices

ANSWER:

d

57. Developing new and delivering high-quality products or services that command higher prices and margins best describes strong:

- a. marketing practices
- b. financial practices
- c. operating practices
- d. management practices

ANSWER:

a

58. An effective entrepreneurial management team should do all of the following except:

- a. provide expertise in the areas of marketing, finance, and operations
- b. have successful experience in the venture's industry and markets
- c. always work independently of each other
- d. share the entrepreneurial spirit

ANSWER:

c

59. A viable venture opportunity is characterized by all of the following except:

- a. creating or meeting a customer need
- b. having perceived attraction to prospective investors

Chapter 02: Developing the Business Idea

- c. providing an initial competitive advantage
- d. being timely in terms of time-to-market

ANSWER:

b

60. A SWOT analysis does not focus on which of the following components or areas?

- a. strengths
- b. weaknesses
- c. new ideas
- d. opportunities

ANSWER:

c

61. A SWOT analysis focuses on which of the following components or areas?

- a. strengths and weaknesses
- b. weaknesses and opportunities
- c. strengths, opportunities, and threats
- d. threats, opportunities, weaknesses, and strengths

ANSWER:

d

62. When conducting a SWOT analysis, assessing unfilled customer needs is examined in terms of:

- a. strengths or weaknesses
- b. weaknesses or threats
- c. opportunities or threats
- d. threats or strengths

ANSWER:

a

63. When conducting a SWOT analysis, which of the following areas would not be considered as a potential opportunity or threat?

- a. existing competition
- b. reputation value
- c. possibility of new technologies
- d. recent or potential regulatory changes

ANSWER:

b

64. Which of the following assessment categories is not used at the end of a qualitative-based venture opportunity screening exercise?

- a. natural commercial potential
- b. high commercial potential
- c. average commercial potential
- d. low commercial potential

ANSWER:

a

65. Which of the following is not one of the factor categories of the VOS Indicator™?

- a. industry/market considerations

Chapter 02: Developing the Business Idea

- b. pricing/profitability considerations
- c. financial/harvest considerations
- d. location/profitability considerations

ANSWER:

d

66. The evaluation of entry barriers occurs under which of the factor categories of the VOS Indicator™?

- a. industry/market considerations
- b. pricing/profitability considerations
- c. financial/harvest considerations
- d. management team considerations

ANSWER:

a

67. A VOS Indicator™ stands for:

- a. "venture opportunity screening" indicator
- b. "viable opportunity statement" indicator
- c. "venture only success" indicator
- d. "viable assessment screening" indicator

ANSWER:

a

68. The factor categories in a VOS Indicator™ are:

- a. industry/market considerations
- b. industry/market and pricing/profitability considerations
- c. industry/market, pricing/profitability, and financial/harvest considerations
- d. industry/market, pricing/profitability, financial/harvest, and management team considerations

ANSWER:

d

69. A score in the range of 2.34–3.00 using the VOS Indicator™ would be considered a(n):

- a. low score
- b. average score
- c. high score
- d. very high score

ANSWER:

c

70. An average score using the VOS Indicator™ would fall in the range:

- a. 0.00–0.99
- b. 1.00–1.66
- c. 1.67–2.33
- d. 2.34–3.00

ANSWER:

c

71. Some venture investors like to draw analogies between baseball terms and venture performance. The baseball term used to reflect a total loss of an investment is:

- a. "home run"

Chapter 02: Developing the Business Idea

- b. "single"
- c. "strikeout"
- d. "double"

ANSWER:

c

72. The direct costs of producing a product or providing a service is called:

- a. gross profit
- b. gross profit margin
- c. net profit margin
- d. cost of goods sold

ANSWER:

d

73. Revenues minus the cost of goods sold is called:

- a. gross profit
- b. gross profit margin
- c. net profit
- d. net profit margin

ANSWER:

a

74. The dollar profit left after all expenses, including financing costs and taxes, have been deducted from the firm's revenues is called:

- a. gross profit
- b. gross profit margin
- c. net profit
- d. net profit margin

ANSWER:

c

75. Asset intensity is:

- a. total assets divided by total revenues
- b. total revenues divided by total assets
- c. calculated the same as asset turnover
- d. one-half of the asset turnover

ANSWER:

c

76. If the asset intensity is 0.80, the asset turnover would be:

- a. 0.80 times
- b. 1.00 times
- c. 1.25 times
- d. 1.50 times

ANSWER:

c

77. Return on assets can be stated as:

- a. net after-tax profit divided by total assets

Chapter 02: Developing the Business Idea

- b. total assets divided by net after-tax profit
- c. total assets divided by revenues
- d. revenues divided by total assets

ANSWER:

a

78. All else held constant, a higher asset turnover:

- a. increases ROA
- b. decreases ROA
- c. has no effect on ROA
- d. may raise or lower ROA, depending on how it affects revenues.

ANSWER:

a

79. The return on assets (ROA) model measures:

- a. revenues divided by net profit multiplied by the asset turnover
- b. net profit margin multiplied by the equity multiplier
- c. net profit margin multiplied by the asset turnover
- d. net profit divided by total assets multiplied by the asset turnover

ANSWER:

c

80. Free cash flow, which can be paid back to investors, occurs when cash generated from operations exceeds all of the following except:

- a. borrowing costs
- b. noncash depreciation
- c. taxes
- d. investment in assets

ANSWER:

b

81. Free cash flow to equity is the cash available to the entrepreneur and venture investors after all of the following except:

- a. net cash flows
- b. net increases in debt capital
- c. financing and tax cash flows

ANSWER:

a

82. Free cash flow to equity of an entrepreneurial firm includes cash flows to:

- a. venture investors
- b. creditors
- c. the entrepreneur
- d. venture investors and the entrepreneur

ANSWER:

d

83. A venture's value to its owners is determined by the:

Chapter 02: Developing the Business Idea

- a. size and timing of its future free cash flows (to equity)
- b. level of its past revenues
- c. prior losses and expenses
- d. all of these choices

ANSWER:

a

84. Determine the cost of goods sold for a venture with the following financial information: revenues = \$50,000; net profit margin = 20%; and gross profit margin = 70%

- a. \$40,000
- b. \$35,000
- c. \$15,000
- d. \$10,000

ANSWER:

c

85. Determine the return on assets (ROA) for a venture with the following financial information: revenues = \$500,000; net profit = \$70,000; and asset turnover = 2.0 times.

- a. 10%
- b. 14%
- c. 28%
- d. 34%

ANSWER:

c

86. Determine the dollar amount of total assets for a venture with the following financial information: revenues = \$500,000; net profit = \$70,000; and asset turnover = 2.0 times.

- a. \$100,000
- b. \$250,000
- c. \$375,000
- d. \$500,000

ANSWER:

b

87. Determine the net profit for a venture with the following financial information: revenues = \$500,000; return on assets = 20%; and asset turnover = 2.0 times.

- a. \$10,000
- b. \$25,000
- c. \$50,000
- d. \$60,000

ANSWER:

c

88. Determine the dollar amount of revenues for a venture with the following financial information: net profit = \$60,000; assets turnover = 1.5 times; and return on assets 30%.

- a. \$300,000
- b. \$500,000
- c. \$800,000
- d. \$1,200,000

Chapter 02: Developing the Business Idea

ANSWER:

a

89. Determine the asset intensity of a venture with the following financial information: net profit = \$22,000; revenues = \$132,000; and return on assets 30%.

- a. 0.1
- b. 0.6
- c. 1.8
- d. 2.0

ANSWER:

b

90. A written document that describes the proposed venture in terms of the product or service opportunity, current resources, and financial projections is called a(n):

- a. financial plan
- b. business plan
- c. entrepreneurial plan
- d. survival plan

ANSWER:

b

91. In the venture life cycle, moving from the development stage to the startup stage frequently begins with the preparation of a business plan. The business plan is a written document that describes the proposed venture in all of the following terms except:

- a. the proposed product or service opportunity
- b. the accounting data for the last five years
- c. current resources available to the venture
- d. financial projections

ANSWER:

b

92. A typical business plan includes all of the following sections except:

- a. executive summary
- b. business description
- c. marketing plan and strategy
- d. disclosure of pending litigation

ANSWER:

d

93. When composing the financial plans and projections section of a business plan, all of the following should be included except:

- a. income statements and balance sheets
- b. statements of cash flows
- c. past and present dividends per share information
- d. funding needs and sources

ANSWER:

c

94. A typical business plan includes all of the following sections except:

- a. management team

Chapter 02: Developing the Business Idea

- b. financial plans and projections
- c. risk and opportunities
- d. initial public offering information

ANSWER: d

95. The process involving minimizing the need for financial capital and finding unique sources for financing a new venture is referred to as:

- a. mezzanine financing
- b. financial bootstrapping
- c. seed financing
- d. startup financing

ANSWER: b

96. A firm's option to abandon a venture is an example of a:

- a. bootstrapping option
- b. financial option
- c. survival option
- d. real option

ANSWER: d
