

Fundamentals of Investing, 12e (Smart/Gitman/Joehnk)

Chapter 2 Securities Markets and Transactions

2.1 Learning Goal 1

1) Stocks, bonds and mutual fund shares are bought and sold in the capital market.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

2) Capital markets deal exclusively in stock. Money markets deal exclusively in debt instruments.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

3) Primary markets deal in the stocks of larger, well-known companies; secondary markets deal in the stocks of smaller, less well-known companies.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

4) Short-term securities are bought and sold in the

A) capital market.

B) primary market.

C) money market.

D) stock market.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

5) The governmental agency that oversees the capital markets is the

- A) Federal Trade Commission.
- B) Federal Reserve.
- C) Securities and Exchange Commission.
- D) Fair Trade and Banking Agency.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

6) Stocks purchased in the secondary market are purchased

- A) directly from the issuing corporation.
- B) from other investors.
- C) from small, little-known brokerages.
- D) indirectly through financial institutions.

Answer: B

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

7) Stocks and bonds are traded in

- A) securities and exchange commissions.
- B) money markets.
- C) federal trade commissions.
- D) capital markets.

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

2.2 Learning Goal 2

1) Underwriters are responsible for promoting and facilitating the sale of securities.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

2) The preliminary version of a prospectus is called a red herring.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

3) The purpose of the "quiet period" a company must observe from the time it files a registration statement with the SEC until after an IPO is complete is to assure that all investors receive the same information.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

4) It can be argued that an IPO was overpriced when the IPO produces extraordinarily high rates of return on its first day of trading.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

5) IPOs are relatively safe investments.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

6) The price of stock sold in an IPO is set by bids submitted in the month before trading begins.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

7) Which one of the following statements concerning the primary market is correct?

A) A transaction in the primary market is between two private stockholders.

B) The first public sale of a company's stock in the primary market is called a seasoned new issue.

C) The first public sale of a company's stock is called an IPO.

D) A rights offering is a direct sale of stock to an institution that participates in the primary market.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 8) A rights offering is the
- A) initial offering of securities to the public.
 - B) offering of new securities to current shareholders on a pro-rata basis.
 - C) sale of newly issued shares of stock to the general public.
 - D) sale of securities directly to a select group of investors.

Answer: B

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 9) IPO activity tends to peak when stock prices
- A) have fallen sharply.
 - B) have risen sharply.
 - C) are volatile and unstable.
 - D) Stock prices have relatively little influence on IPO activity.

Answer: B

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

- 10) The document that describes the issuer of a security's management and financial position is known as a
- A) balance sheet.
 - B) 10-K report.
 - C) prospectus.
 - D) red herring.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 11) Companies offering their stock to the public for the first time usually seek the assistance of
- A) investment bankers.
 - B) the Securities and Exchange Commission.
 - C) the Federal Reserve Bank.
 - D) prospectors.

Answer: A

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

12) The financial crisis of 2008 resulted in a sharp reduction in the number of initial public offerings because

- A) investors lacked confidence in future market conditions.
- B) the crisis led to new regulations which were not yet fully understood.
- C) investors were wary of new companies with no sustained record of profitability.
- D) all of the above.

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

13) Investment bankers who join together to share the financial risk associated with buying an entire issue of new securities and reselling them to the public is called a(n)

- A) selling group.
- B) tombstone group.
- C) underwriting syndicate.
- D) primary market group.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

14) Describe the initial public offering (IPO) process and explain the role of the underwriter, the Securities and Exchange Commission (SEC), and the red herring.

Answer: The underwriter is responsible for promoting the stock and facilitating the sale of the company's IPO shares. The SEC approves the registration statement including the prospectus. This statement includes the key aspects of the issue, the issuer, the company management, and the financial position of the company. The SEC does NOT recommend the investment nor offer an opinion on the value of the stock. The red herring is the preliminary prospectus issued on tentative offerings. The prospectus has red lettering on the front cover.

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

15) Explain the role of investment bankers and brokerage firms in the issuance of new securities.

Answer: An investment banker assumes the role of the underwriter and bears the risk of reselling the securities purchased from an issuing corporation. The investment banker earns a profit by reselling at a price higher than the price paid to the issuer. Brokerage firms form a selling group with each firm accepting responsibility for selling a portion of the newly issued securities. The brokerage firms also earn a profit if they can resell the shares at a price higher than their purchase price.

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

2.3 Learning Goal 3

1) The NYSE and AMEX are examples of dealer markets.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

2) Only U.S. corporations can list their stocks on the NYSE.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

3) Firms that list their stock on an exchange can be delisted for failing to meet the requirements of the exchange.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

4) More than half the volume on the NYSE Amex results from trading in exchange traded funds and options.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

5) Exchange traded funds (ETFs) perform like a broad market index but trade are bought and sold like individual stocks.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

6) Most commodity futures are traded on the NYSE Amex.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

7) Securities that trade in the over-the-counter market are called unlisted securities.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

8) A market maker brings together buyers and sellers in an auction market.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

9) The income paid to a market maker is referred to as the spread.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

10) Federal laws that control the sale of securities are called blue sky laws.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

11) Federal securities laws are designed to protect financial institutions.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

12) Stocks of many large foreign companies such as trade on the NYSE as well as on exchanges in their own country.

Answer: FALSE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

13) The majority of bonds trade in the OTC market.

Answer: TRUE

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

14) Which of the following are functions of the secondary market?

I. Provide liquidity for current stockholders.

II. Equate the demand and supply of securities.

III. Provide a market for the sale of new stock by companies that are already public.

IV. Provide continuous pricing of securities.

A) I and II only

B) II and IV only

C) I and III only

D) I, II and IV only

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

15) Which one of the following statements about the NYSE is correct?

A) Each member of the exchange owns a trading post.

B) Any listed stock may be traded at any of 20 trading posts.

C) Brokerage firms are only permitted to have one individual trading on the floor of the exchange.

D) Buy orders are filled at the lowest price and sell orders are filled at the highest price.

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

16) In recent years, trading in secondary markets has increasingly become a function of

A) securities exchanges.

B) dealer markets.

C) technology that by-passes both brokers and dealers.

D) broker-dealer markets using consolidated venues and technologies.

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

- 17) If a security is traded on the New York Stock Exchange and on a regional exchange, the security is said to be
- A) dual listed.
 - B) multiple listed.
 - C) traded in the second and third markets.
 - D) geographically diversified.

Answer: A

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 18) Which of the following are correct statements concerning the NYSE?
- I. Each stock has a designated location, called a post, at which its shares are traded.
 - II. The NYSE is a dealer market.
 - III. Supply and demand determines the price of each security.
 - IV. A specialist buys and sells to maintain a market for a particular security.
- A) I and II only
 - B) I and III only
 - C) I, III and IV only
 - D) I, II, III and IV

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 19) A market where securities are bought from or sold to a market maker is known as a
- A) broker market.
 - B) dealer market.
 - C) exchange floor.
 - D) board of exchange.

Answer: B

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

- 20) Large technology companies such as IBM and Microsoft trade
- A) exclusively on the NASDAQ.
 - B) exclusively on the NYSE.
 - C) on either the NASDAQ or the NYSE.
 - D) exclusively on alternative trading systems.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: New Question

21) The NYSE has listing requirements that include a minimum

- I. number of outstanding shares.
- II. amount of pre-tax earnings.
- III. market value of publicly held shares.
- IV. number of shareholders owning 100 shares or more.

- A) I and IV only
- B) I, II and III only
- C) II, III and IV only
- D) I, II, III and IV

Answer: D

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

22) Which of the following are true concerning the NYSE Amex:

- I. Many exchange traded funds are listed there.
- II. Its listing requirements are stricter than the New York Stock Exchange.
- III. It is a major market for exchange traded funds.
- IV. It is a broker rather than a dealer exchange.

- A) I and II only.
- B) I and IV only.
- C) I, III and IV only.
- D) I, II, III and IV.

Answer: C

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

23) Exchange traded funds are

- A) mutual funds that trade on the Big Board.
- B) baskets of securities that trade like a single stock.
- C) index funds that trade on the NYSE.
- D) groups of securities that trade only on regional exchanges.

Answer: B

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

24) The dominant options exchange is the

- A) Chicago Board Options Exchange.
- B) American Stock Exchange.
- C) Pacific Stock Exchange.
- D) Philadelphia Options Exchange.

Answer: A

Learning Outcome: F-01 Describe the different financial markets and the role of the financial managers

AACSB: 6 Reflective Thinking Skills

Question Status: Previous Edition

25) The major options exchanges such as the Chicago Board Options Exchange deal

- A) securities based options and custom options.
- B) options, futures contracts and exchange traded funds.
- C) exclusively in options based on listed securities.
